OUTS TO HITS									
1-7 (12^ cf)									

GRASS - 67,000

Stadiums that have very spacious Center Fields like old Yankee Stadium and the Polo Grounds have a special designation for Center Field. You notice that Yankee Stadium has an OUT to HIT Rating of 1-7. The number and symbol in parenthesis (12^ cf) indicates that the OUT to HIT Rating for Center Field Fly Ball Outs is 1-12. This takes into account the extra space in those overly large Center Fields. Having a Highly Rated Center Fielder is extra important in these ball parks.
